Dear Barbara,

Approximately one month ago I contacted you on the phone about the Portuguese Theatre Group Alem Fronteiras, following the suggestion of Kathleen from the Broadside Mobile theatre Group. I mentioned to you we were in the process of producing some leaflets, which you can find enclosed. I think this leaflet will answer most question on the theatre group and the play we are performinh at the moment. I would just like to stress the relevance of this play in the present political climate and therefore the importance of playing to as many audiences as possible, which can include union meetings, socials, labour party, immigrant organisations, anti-rascist groups, etc. So please circulate the leaflets to as many people as possible. If you want more leaflets or require any more information please let me know.

If you want to organise something yourself or know some group who wants to do it, please contact me at the abobe address or telephone to 749-0067 (after 5o'clock). If someone wants to see a rehearsal before taking a decision , it is possible to arrange .

Looking forward to hear from you.

Yours sincerely

Henriqueta Oliveira
 (for the Theatre Group)
