Dear Father O'Hanlon,

Please find enclosed some leaflets about the Portuguese Theatre Group Alem Fronteiras, which I mentioned to You on the phone approximately one month ago. I think this leaflet will answer most questions on the theatre group and the play we are performing at the moment. I would like to stress the importance of this play in the present atmosphere where the immigrants are very vulnerable targets. For this reason we would like to perform the play to as many audiences as possible, in particular immigrants.

At the Migrants Unit day we saw your cultural group performing some dances which we enjoyed immensely. I think in the future it would be nice to organize a social where they could perform for a Portuguese audience. The Migrants Unit day where people from different cultures came together to share their music, dance and theatre was a very enjoyable experience and a concrete step to help breaking the isolation that unfortunately exists between the various immigrant communities.

We would be very happy to perform for one of your socials, so if you are interested please contact me at the above address or telephone to 749-0067 (after 5 o'clock).

Looking forward to hear from you,

Yours sincerely,
