London W12

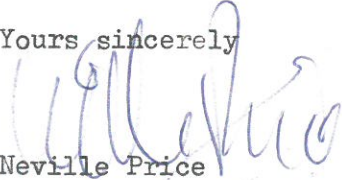

Dear Fernanda

PORTUGUESE EVENING 4 MARCH 1981

Referring to our recent telephone conversations, I should be glad if members from Alem Fronteiras would perform folk songs for us. As I explained there was some misconception about your performing, however, I have spoken to the other group and asked them to include you in the programme. I suggested that you appear in the middle so that you will not be too nervous to start the evening, but this can be arranged before hand.

I appreciate your company wanting to make a start and I am therefore able to pay a fee of £25. It should be a very good Portuguese evening and I am hoping that many member from the community will turn out to hear you. If there are any problems please get in touch with me. Please ensure that the group is here by 5.45 pm the very latest.

Yours sincerely

  
Neville Price
